

Requirement on HSE

Extract from the Infrastructure Act Section 50

<http://www.legislation.gov.uk/ukpga/2015/7/section/50/enacted>

A certificate given by the Health and Safety Executive that it— (a) has received a well notification under regulation 6 of the Borehole Sites and Operations Regulations 1995, (b) has received the information required by regulation 19 of the Offshore Installations and Wells (Design and Construction, etc.) Regulations 1996, and (c) has visited the site of the relevant well

HSE certificate for the purposes of condition 2 of the table in section 4A of the Petroleum Act 1998

To: Cuadrilla Resources

From: Chris Flint - Head of Energy Division, Health and Safety Executive (“HSE”)

With regard to the well at: Preston New Road designated PNR2 that may be subject to hydraulic fracturing safeguards as set out in Section 4A of the Petroleum Act.

This certificate confirms¹ that:

1. The Health and Safety Executive has received a well notification under regulation 6 of the Borehole Sites and Operations Regulations 1995.

Date Received by HSE: 19th April 2017

2. The Health and Safety Executive has received the information required by regulation 19 of the Offshore Installations and Wells (Design and Construction, etc.) Regulations 1996.

Date Received by HSE: from 4th June 2017 – to 30th July 2018

3. The Health and Safety Executive has visited the well site.

Date of site visit by HSE: 31st May 2018

Signed: 
[Head of Energy Division, HSE]

Date: 30th July 2018

¹ For the purposes of column 2 of condition 2 (appropriate arrangements have been made for the independent inspection of the integrity of the relevant well) of the table in Section 4A of the Petroleum Act 1998 (as inserted by Section 50 of the Infrastructure Act 2015).
